

Carlson Design Team PC is seeking a full time registered Architect to join our team. Individual must be self-motivated and be able to take on a project and run it start to finish, working on a variety of project types and sizes. We are looking for someone who is a quick learner and has the ability to work independently as well as be a positive team member. This position has possibility for growth with advancement/ownership. Carlson Design Team has traditionally specialized in technically difficult projects such as laboratories and state of the art health equipment replacements. In addition, we do a wide variety of commercial and higher education projects, including large multifamily residential, hotels, commercial fit outs, office space, classrooms, healthcare, and more.

Experience Requirements:

- Minimum 5 years of relevant experience.
- Bachelors or Masters degree from an accredited architecture program.
- Registered Architect or actively seeking registration.
- Experience with Revit required.
- Experience with AutoCad, Sketchup, Photoshop, Illustrator and InDesign beneficial.
- Experience in all phases of work from schematic design through construction administration.

Culture

We value teamwork at CDT. We truly listen to our clients and provide them with a design that everyone is proud of. Input of all team members is valued. In the office we all work together in one space. Mentorship is provided as desired by Robert with over 44 years of experience.

How To Apply:

Submit your cover letter and resume to team@cdt-pc.com. Additional work samples may be needed for consideration.

This is a full time position with salary and benefits commensurate with experience. We also offer a simple IRA retirement account with company matching and health insurance coverage for the employee and family.
